- Demonstrated ability to exercise sound judgment and work independently
- Understanding of metallic structures and metal processes and properties
- Knowledge of materials and common practices/processes
- Ability to lead and mentor structures apprentices
- Experience with composite repairs an asset

ABOUT HARBOUR AIR AEROSPACE SERVICES LTD.

Our Approved Maintenance Organization (AMO) was created almost 30 years ago and most recently went by the name Aeroflite International Services Ltd. It is recognized around the world as one of the leading authorities of the DeHavilland product. Department wide, our people have been working on and around aircraft for close to a millennium. We are extraordinarily proud of our Person Responsible for Maintenance (PRM) who was honoured in Wings magazine as one of the 'Top 20 under 40'.

ABOUT HARBOUR AIR GROUP

Launched in 1982, Harbour Air is North America's largest seaplane airline. It flies more than 450,000 passengers annually, including commuters and tourists throughout coastal British Columbia.

Our people are the backbone of our organization, and we are committed to creating a culture that inspires one another to achieve extraordinary success. We have regularly been honoured as the recipient of numerous awards including Canada's Best Managed Companies, BC's Top 55 Employers, and Canada's 10 Most Admired Corporate Cultures.
